

### Kurti 220/110 kV Substation Visit :

On Sat, Jan 21, 2012 the Electrical and Electronics Department organized a technical visit to Kurti Substation 220KV/110KV-3x100MVA headed by Mr Matam Manjunath. In this trip, the students had an insight on power distribution and transmission , introduction on bus, conductor, isolator , feeder , insulator, breaker, CT's , PT's , lightning arrestors, wave trap, transformer functioning, paralleling, cooling , grounding etc. The main objective of this trip was to get a practical exposure to the instruments that are being used in power systems.
