

Lecture Series on Post-Graduate studies in India and abroad with Funding opportunities for Civil Engineering

Civil Engineering Students Council organized an expert talk by Dr. Thejesh Kumar Garala, Geotechnical Consultant, Fugro, United Kingdom, Ph.D. - University of Cambridge on 25th November 2022 from 3:00 PM to 4:30PM through google meet. Mr.Kaushik Bhat third year student was the master of ceremony. Dr. Thejesh was welcomed by HOD Dr.Harikumar M. Dr.Venkatesh gave an introduction about Dr. Thejesh Kumar Garala to the participants. Dr.Thejesh spoke about career options after B.Tech such as Engineering Services Examination, opportunities in Public Sector Undertaking companies such as ONGC, IOCL, NTPC, HPCL, SAIL, BHEL. BSNL. He also spoke about other opportunities with technical background such as ISRO Scientist/Engineer position. Dr.Thejesh also briefed about various banking sector jobs. The process to apply abroad for studies was explained by Dr. Thejesh. He talked about the GRE/TOEFL/IELTS requirements, preparing research proposal, approaching faculty in specific field of interest and the funding sources. How to select good universities for studying and how a good university selects a student was explained by Dr. Thejesh. The lecture was very interactive and students cleared all their doubts. The event ended with vote of thanks given by Ms. Vanessa Fernandes.

A few snapshots of the events are below:

Opportunities in Public Sector Undertaking (PSU) Companies

- ONGC, IOCL, NTPC, HPCL, SAIL, BHEL, GAIL, BSNL.....
- Selection is based on GATE score and interviews
- Field postings or Office based positions
 - Field – manual inspections and checking
 - Office – Handling of procurement/finance/corporate activities
- Mainly managerial jobs – basic technical knowledge to evaluate contracts
- Initial pays are high, but increments will be less
- Depending on the position, workload will be hectic or enjoyable
- Promotions and increments are performance based, but SECURED jobs

Thejesh Kumar is presenting

Participants: Thejesh K..., Dr. Chejarla, 20CVE1015, Head of t..., You, 57 others

Other Opportunities with Technical Background

- ISRO Scientist/Engineer positions
 - Mostly conduct their own examinations and interviews or GATE Score
- Council of Scientific and Industrial research (CSIR)
 - GATE based selection or separate entrance tests
- Different departments under Department of Science and Technology, Ministry of Earth Sciences
- Jobs in core industry – preferable after Masters degree
