

EXPERT TALK ON BEST MANAGEMENT PRACTICES FOR URBAN STORMWATER MANAGEMENT

The Department of Civil Engineering in association with Civil Engineering Students Council organized an online expert talk on “**Best Management Practices for Urban Storm-water Management**” on 31st January 2022. The talk was conducted by the expert Prof K.V. Jayakumar, emeritus professor of NIT Warangal. The lecture was conducted at 3pm via google meet. The session was attended by the HoD, faculty and the students. The expert speaker Prof. K.V. Jayakumar explained on the feasible water available around us and the adversity humanity could face in the coming years of water scarcity. He alluded to the effects of rapid metropolisation and urbanization causing a water crisis. The speaker inspired every student to innovate to tackle the problems current systems faced. The target of the expert talk was to apprise students of the instability instilled by water scarcity and the importance and methodology of stormwater management.

A few snapshots of the event are below.
