

Industrial Visit to HIMCAST (Hingiri Castings Pvt. Ltd), Kundaim, Goa

Industrial visit to HIMCAST (Hingiri Castings Pvt. Ltd), Kundaim, Goa was conducted for 25 second year Mechanical Engineering students and two faculty members of NIT Goa on 25th January 2020, as a part of Manufacturing Technology course. The students were given exposure on various process sequence involved in foundry from steel ore billet to machine components. The precautions to be taken in each stage were explained by the shop floor Engineer. Further the students were also given exposure to various manufacturing process such as machining, finishing, sand blasting, welding, inspection and coating processes.
