

# SEMINAR ON

# COASTAL ZONE WATER MANAGEMENT

Second year Civil Engineering students attended a seminar on Coastal Zone Water Management organized by Water Resource Department, Bureau of Indian Standards, New Delhi in association with CSIR-National Institute of Oceanography at Donapaula, Goa on 13<sup>th</sup> March 2020.

Eminent speakers gave talk on following topics:

1. Standardization in the field of water resources and coastal zone
2. Ground water management in Coastal Zone/Aquifers of India
3. Impact of Climate change on coastal wave environment
4. Indian coastal information
5. Remote sensing applications in coastal zone management
6. Coastal water monitoring and present status in Goa.

The seminar was interactive and beneficial to the participants.
